### **Selection of the Winning Bidder**

19. The Proposal Trustee in consultation with the Company and the DIP Lender designated the Purchaser as the Successful Bidder on September 10, 2025. Following designation of the Purchaser as the Successful Bidder, the Proposal Trustee and the Company have commenced further discussions with, and provided comments to, the Purchaser in respect of the proposed Transaction. Following those discussions and negotiations with the Purchaser, on September 17, 2025, ATTAbotics Canada and the Purchaser entered into the APA.

### **Key Terms of the Asset Purchase Agreement**

20. The APA provides for the sale by ATTAbotics Canada, and purchase by the Purchaser, of substantially all of ATTAbotics Canada’s assets on an “as-is, where-is” basis, free and clear of Encumbrances pursuant to the SAVO. Following closing of the Transaction, ATTAbotics Canada will retain only the Excluded Assets. In addition, the Proposal Trustee understands that the Purchaser plans to make offers of employment to certain former employees of the Company.

21. The key terms of the Transaction are as follows:

- (i) **Purchase Price.** The Purchase Price is comprised of a cash component (the “**Cash Purchase Price**”) plus consideration payable, if any, under a Deferred Payment Agreement, to be negotiated by the parties, which is anticipated to provide for, among other things, revenue royalties and a share of any gains that may be realized by the Purchaser in a future sale of ATTAbotics Canada’s business. Details regarding the anticipated Deferred Payment Agreement is detailed in **Confidential Exhibit “F”** to the Third Dickinson Affidavit.
- (ii) **Purchased Assets.** The Purchased Assets include all Inventory, Rolling Stock, Equipment, Computer Equipment, Capital Assets, Intellectual Property, Transferred Permits, and Goodwill of ATTAbotics Canada as of the Closing Date, subject to the Purchaser’s right to request redesignation of specific assets as further described below.
- (iii) **Assumed Obligations.** The Purchaser will assume only those liabilities expressly set out in the APA, including: (a) all of ATTAbotics Canada’s obligations under the Transferred Permits; (b) all other liabilities and obligations relating to the Purchased Assets to the extent such liabilities and obligations consist of liabilities and obligations that arise in respect of and relate to the period on and after the Closing; (c) all liabilities arising out of or relating to the Purchased Assets’ non-compliance with any Environmental Laws in respect of any facts, conditions or circumstances occurring after the Closing; and (d) certain post-closing employee obligations as further described in section 5.8 of the APA.
- (iv) **Redesignation of Assets.** From signing until two Business Days prior to Closing, the Purchaser may request that specific assets be (a) redesignated as Excluded Assets, with no adjustment to the Purchase Price, or (b) redesignated as Purchased Assets, in which case the Purchaser is responsible for any Cure Costs payable in connection with such redesignation.
- (v) **Representation and Warranties.** The APA provides that the sale of the Purchased Assets is on an “as-is, where-is” basis, with limited representations and warranties consistent with the standard terms of an insolvency transaction.
- (vi) **Closing Date.** The Target Closing Date under the APA is September 30, 2025 and, in any event, Closing of the Transaction will occur no later than October 10, 2025, or such other date that the parties, acting reasonably, may mutually agree (the “**Outside Date**”).
- (vii) **Material Conditions.** The APA is conditional upon customary conditions to Closing, including (a) the issuance of the SAVO; and (b) payment of the Cash Purchase Price to the Proposal Trustee. In addition, the Deferred Payment Agreement being in force and effect is a condition in favour of ATTAbotics Canada.

- (viii) **Termination.** The APA may be terminated by either ATTAbotics Canada or the Purchaser in certain circumstances, including: (a) if the Court declines to grant the SAVO (other than due to breach by the terminating party); (b) if Closing has not occurred by the Outside Date, provided the failure to close is not due to breach by the terminating party; and (c) other customary grounds as set out in the APA.

### **Employee and Key Individual Releases**

22. As part of the relief sought in connection with the Transaction, the Company is requesting that the Court grant limited releases in favour of certain employees and one independent contractor (the “**Released Parties**”) who were integral to the administration of the NOI Proceedings and the successful completion of the SISP and the Transaction.
23. The proposed releases are strictly limited in scope to claims arising from the NOI Proceedings and the Transaction itself. Such releases do not extend to any claims for actual fraud, gross negligence or willful misconduct, nor do they affect any rights that cannot be released under section 50(14) of the BIA.
24. In the Proposal Trustee’s view, granting these targeted releases is appropriate and consistent with the objectives of the NOI Proceedings.

### **Proposal Trustee’s Recommendation Regarding the Transaction**

25. The Proposal Trustee recommends that the Court grant the SAVO and approve the Transaction for the following reasons:
- (i) the SISP was conducted in accordance with the terms of the SISP Approval Order and in a commercially reasonable manner. As described more fully in the Previous Reports:
    - a. prior to the commencement of the SISP, the Proposal Trustee, with the assistance of the Company, administered an informal solicitation process during the initial 30-day stay period of the NOI Proceedings;
    - b. following the conclusion of the informal process, the SISP commenced on July 30, 2025 and ran through to September 10, 2025, during which the Proposal Trustee, with the assistance of the Company, actively canvassed the market in accordance with the SISP;
    - c. the Proposal Trustee solicited interest from 204 Potential Bidders including more than 97 strategic parties and 107 financial sponsors;
    - d. a total of 41 parties executed a non-disclosure agreement and were granted access to the Data Room. Of the 41 parties that signed NDAs, 38 accessed the Data Room at least once;
    - e. by the Bid Deadline, the Proposal Trustee received 6 bids from interested parties;

- f. throughout the SISP, the Proposal Trustee facilitated due diligence for interested parties, including by updating the Data Room with current information and responding to any queries from Potential Bidders, as required, with the assistance of the Company; and
  - g. the Proposal Trustee kept the DIP Lender apprised of the progress throughout the SISP;
- (ii) the Transaction contemplates the continuation of the Company's business and operations, with the Purchaser having the option to offer employment to certain employees, and recognizing prior service for those who accept;
  - (iii) the terms of the APA are commercially reasonable;
  - (iv) in the Proposal Trustee's view, the Transaction provides for superior overall recoveries than what would otherwise be recovered through an alternative Bid, a liquidation, or the bankruptcy of the Company;
  - (v) the Transaction is the best opportunity to maximize recoveries for the Company's stakeholders; and
  - (vi) EDC, in its capacity as DIP Lender and as the primary senior lender, is supportive of the Transaction. The Proposal Trustee understands that at the time of this Fourth Report, Business Development Bank of Canada has not taken a position with respect to the Transaction.
